CHAPTER 31
[Engrossed Senate Bill No. 3094]
WASHINGTON LIBRARY NETWORK

AN ACT Relating to libraries; and adding a new chapter to Title 27 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. There is hereby established the Washington library network, hereinafter called the network, which shall consist of the Washington library network computer system, telecommunications systems, interlibrary systems, and reference and referral systems.

Responsibility for the network shall reside with the Washington state library commission, except for certain automated data processing components as provided for and defined in chapter 43.105 RCW: PROVIDED, That all components, systems and programs operated pursuant to this section shall be approved by the data processing authority created pursuant to chapter 43.105 RCW. The commission shall adopt and promulgate policies, rules, and regulations consistent with the purposes and provisions of this act pursuant to chapter 34.04 RCW, the administrative procedure act, except that nothing in this chapter shall abrogate the authority of a participating library, institution, or organization to establish its own policies for collection development and use of its library resources.

NEW SECTION. Sec. 2. As used in this chapter, unless otherwise required by the context, the following definitions shall apply:

(1) "Washington library network computer system" means the communication facilities, computers, and peripheral computer devices supporting the automated library system developed by the state of Washington;

(2) "Network" means the Washington library network which is an organization of autonomous, geographically dispersed participants using the Washington library network computer system, telecommunications systems, interlibrary systems, and reference and referral systems;

(3) "Resources" are library materials which include but are not limited to print, nonprint (e.g., audiovisual, realia, etc.), and microform formats; network resources such as software, hardware, and equipment; electronic and magnetic records; data bases; communication technology; facilities; and human expertise;

(4) "Telecommunications" includes any point to point transmission, emission, or reception of signs, signals, writing, images, and sounds or intelligence of any nature by wire, radio, microwave radio, optical, or other electromagnetic system, including any intervening processing and storage serving a point to point system;
